RE: Application/Control Number: 10/608,961

Mr. Mah,

Enclosed are the changes for the above referenced patent application.

As you can see in the claims section, I defined it as a device and got quite a bit more definitive, or at least got more descriptive, in an effort to better clarify the item in the claims section.

I've printed out an entire new application since the claims section now takes up 2 pages instead of one like on the original.

Feel free to contact me with any questions or comments you may have.

Sincerely,

Joe Sirochman
